RE: Day Light Time Saving - System Clock Adjustment

Dear Customers:

Due to new regulation of Daylight Saving Time effects 03/11/2007; your phone system won't be able to adjust correct automatically. Please refer to following procedules to change system clock.

1. Regular procedure to change system clock: (Do it when system clock incorrect.)

a). At any display phone, press **Speaker 728 Hour Minutes.**

(Ex: 10:30AM enter 10 30; 1:30 PM enter 13 30)

b). Press the **Speaker.**

[Cheat Sheet: \(Speraker+ Hr and Min + Speaker\)](#)

2. Change to correct DAYLIGHT SAVING TIME schedule

(One time change system wrong schedule from 1st week of April and 4th week of Oct. to 2nd week of March and 1st week of Nov. in each year.)

a). From any extension. (Must be a display phone).

b). Press **Speaker #*#*12345678 Transfer** (see PROGRAM MODE on diaply).

c). Press **10 24 03** (See Start Month on display)

d). Enter **3 Transfer** (see Start Week on display)

e). Enter **2 Transfer** (see Start DayOfWeek 1: Sun)

f). Enter **Transfer** (see End Month on display)

g). Enter **11 Transfer** (see End Week on display)

h). Enter **1 Transfer** (see DayOfWeek 1:Sun)

I). Press **Answer Answer Answer Answer Answer** (5 times) (see PROGRAM MODE on diaply).

J). Press **Speaker**

[Cheat Sheet: \(Speaker #*#*12345678 Transfer 10 24 03 3 Transfer 2 Transfer Transfer 11 Transfer 1 Transfer Answer Answer Answer Answer Answer Speaker\)](#)

Please contact our customer service if you have any problem when changing system clock setting. Thanks.
